Championship Golf

Situated on the southwest coast of Anguilla, the 380-acre Aurora Anguilla Resort offers the only 18-hole golf course on the island as well as a newly unveiled short course, Avalon Links. The 18-hole course recently underwent a comprehensive remastering by Greg Norman Golf Course Design, while Avalon Links was formed from scratch by the same experts. On both, every detail has been perfectly planned to provide golfers and families the opportunity to play like never before.

The 18-hole Signature Design course was created with the goal of being among the best in the world. The first hole opens with panoramic views of the Caribbean Sea and the course unfolds with a rich variety of shot angles, distances, and carefully integrated design elements to make it playable and fun for accomplished and novice golfers alike.

The short course, Avalon Links, serves two distinct roles. Situated hillside and overlooking the bay, the course provides a unique test for experienced players eager to hone their skills with scoring clubs through a variety of short and medium-length par-3s. For families in search of a day of fun or novice golfers looking for a bit of practice, Avalon Links also offers an approachable way to experience the joys and challenges of golf over its nine manicured holes.

The Golf Club is home to best-in-class amenities, including state-of-the-art practice facilities, fully outfitted locker rooms for men and women, spaces for recovery therapies and full-service dining at D Richard's serving grab-and-go breakfast, lunch, and dinner. A perfect place to stop in between rounds, the newly redesigned clubhouse is the ideal destination to unwind and refuel or entertain your guests.

Our Esteemed Courses

INTERNATIONAL COURSE

The newly re-imagined 18-hole International Course, a Greg Norman Signature Design, offers breathtaking vistas and challenging, dramatic holes. Players are greeted by a spectacular view of St. Martin and the Caribbean Sea at the tee box of the 384-yard starting hole. The appeal continues with holes 2 and 10 sharing a 16,000-square-foot green that rests along Rendezvous Beach and the Anguilla Channel. Our 17th hole provides a wonderful view through our salt pond valley overlooking the peninsula green, then up the 12th and 18th holes to our signature clubhouse. As one of the most challenging finishing holes in the Caribbean, the 18th hole starts with a demanding tee shot over the salt pond, then continues to ascend forty feet up to a narrow green guarded by three large bunkers.

AVALON LINKS SHORT COURSE

Also a Greg Norman Signature Design, our new 9-hole short course adds another golfing option at Aurora Anguilla. In true Aurora International style, the first hole opens with captivating panoramic views of the Caribbean Sea. As you play, the remarkable course features unfold with a rich variety of shot angles, distances, and carefully integrated design elements for a course that's both playable and fun for golfers of all levels.
